A few things AURORA has done

AURORA at Brighton Pride

AURORA has regularly hosted Croydon's event for IDAHO, the International Day Against Homophobia and Transphobia, on the 17th of May.

AURORA found out that the Met weren't recording incidents as "homophobic" if they occurred within the police force, and helped trigger the process to correct this.

AURORA celebrated its 5th Birthday in 2008.

AURORA commemorated 26 trans murder victims for IDAHO 2009.
